Department for Environment Food & Rural Affairs

Biodiversity gain plan

Submit a biodiversity gain plan to show how your development will achieve biodiversity net gain.

When to use this form

A biodiversity gain plan shows how a development will achieve 10% biodiversity net gain (BNG). Submit this form to your local planning authority after they approve your planning application.

Unless your development is exempt, you cannot start the development until the LPA approves your biodiversity gain plan and biodiversity metric calculation tool.

1. Submission details

1.1 Date

For example, 3/11/2023

27/05/2026

1.2 Planning application reference number

145600/FO/2026

1.3 Local planning authority (LPA)

Manchester City council

1.4 Development site address

If the site does not have an address, enter the OS grid reference.

Vision House

100 Floats Road

Manchester

M23 9PL

1.5 Describe the development

Tell us about the proposed development and any changes of use (250 words).

Installation of two firefighting water tanks with associated fencing and new bin store to side of the car park, and landscape planting.

2. Developer details

2.1 Applicant name

Mr Rupert Litherland

2.2 Company name

Witherslack Group Ltd

2.3 Address

Lupton Tower
Carnforth
LA6 2PR

2.4 Email address

Rupert.Litherland@witherslackgroup.co.uk

2.5 Telephone number

07469143795

2.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

2.7 Signature

2.8 Date

28 / 05 / 2026

3. Responsible person details

Tell us about who is responsible for completing the biodiversity gain plan. For example, a consultancy ecologist or planning agent.

3.1 Name

Melissa Finch

3.2 Company name

Land Studio

3.3 Address

The Old Rectory
St Mary's Hill
Chester
CH1 2DW

3.4 Email address

[redacted]

3.5 Telephone number

[redacted]

3.6 Declaration

By signing this declaration, you confirm that the information you give is complete and correct. Any opinions are your genuine opinions.

3.7 Signature

[redacted]

3.8 Date

27/05/2026

4. Biodiversity net gain strategy

4.1 Is the relevant date for the pre-development biodiversity value the same date as the planning application?

☒ Yes
☐ No

4.2 If no, what earlier date did you agree with the LPA?

N/A

4.3 How have you met the guidance on 'what counts towards your BNG'?
Find out what you can count towards a development's BNG

Yes

4.4 How will you avoid or minimise impacts to habitats?
Tell us about the steps you've taken on site, including to avoid or minimise the impact on irreplaceable habitats.

A PEA was undertaken at the site. Habitat lost to permit the development is restricted to a minor area of poor condition modified grassland verge. The boundary habitats are to be retained and protected, and new habitats are to be created around the proposed water storage and bin store area and within the wider site to achieve a net gain and overall enhancement for biodiversity.

4.5 Did you use your local nature recovery strategy to inform the strategic significance of habitats?
This includes other specified strategies if you do not have a local nature recovery strategy.

☒ Yes
☐ No

4.6 How will you achieve the target net gain percentage?

☒ On-site
☐ Off-site
☐ Both

4.7 Are any of your on-site enhancements considered 'significant'?
Find out what counts as a significant on-site enhancement.

☒ Yes
☐ No

4.8 If yes, tell us about the significant on-site enhancements
Include the appropriate planning condition or how you've secured the habitat.

18no. individual native trees are a medium distinctiveness habitat type which are proposed to be planted around the Site and managed to moderate condition in accordance with the BNG condition assessment criteria.

4.9 How many off-site biodiversity units do you need to meet 10% net gain?

N/A

4.10 Explain why you're using off-site biodiversity units

Only answer this question if you're planning to use off-site biodiversity units (250 words).

N/A

4.11 Explain why you're planning to use statutory biodiversity credits

Only answer this question if you're planning to use statutory biodiversity credits (250 words).

N/A

4.12 Do you have a habitat management and monitoring plan?

☒ Yes
☐ No

4.13 Have you used the statutory biodiversity metric tool?

☒ Yes
☐ No

4.14 Biodiversity metric calculation

Send your biodiversity metric calculation to the LPA and enter the file name.

566-LST-XX-XX-CA-E-0002 BNG

4.15 Condition assessments

Send your condition assessments to the LPA and enter the file name.

566-LST-XX-XX-RP-E-0001 PEA

4.16 Pre-development habitat survey report and map

Send your baseline habitat survey report and map to the LPA. Enter the file name.

566-LST-XX-XX-RP-E-0001 PEA

4.17 Post-development habitat map or landscape plan

Send your post-development habitat survey report and map to the LPA. Enter the file name.

566-LST-XX-XX-RP-E-0001 PEA

4.18 Have you included an approved habitat degradation in the baseline?

If yes, include the relevant consenting body and reference number.

☐ Yes
☒ No

Consenting body

Reference number

5. Irreplaceable habitats

5.1 Does the development impact any irreplaceable habitats?
If yes, tell us if you've submitted an approved compensation plan.

☐ Yes
☒ No

5.2 Have you submitted an approved compensation plan?

☐ Yes
☒ No

6. On-site habitat enhancements

Answer this section if your development includes on-site habitat enhancements.

6.1 Survey date
For example, 3/11/2023

03/03/2026

6.2 Survey constraints
For example, access issues, weather, or seasonal constraints.

All areas of the Site were accessible at the time of survey.

The extended UK Habitat survey was carried out in March, which is just within the optimal period (within the main flowering season) for botanical survey. This document does not contain a comprehensive list of botanical species; plant species which are only evident at certain times of year may have gone undetected.

6.3 Total pre-development biodiversity value
Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

2.07

Number of hedgerow biodiversity units

0.45

Number of watercourse biodiversity units

0.00

6.4 Total post-development biodiversity value
Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

2.28

Number of hedgerow biodiversity units

0.5

Number of watercourse biodiversity units

0.00

6.5 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

0.21

Area habitat biodiversity units % change

10.23

Hedgerow biodiversity units

0.05

Hedgerow biodiversity units % change

10.32

Watercourse biodiversity units

0.00

Watercourse biodiversity units % change

0

6.6 Will you register and allocate any biodiversity units from your site to other developments?

If yes or provisionally, give details.

☐ Yes

☒ No

6.7 Give details

Tell us about the amount of biodiversity units and the development location (250 words).

N/A

7. Off-site habitat enhancements

Answer this section if your development includes off-site habitat enhancements.

7.1 Tell us about the off-site habitat enhancements

Include whether you're delivering the off-site enhancements or buying biodiversity units.

N/A

7.2 Biodiversity gain site register reference number

N/A

7.3 How have you secured the off-site habitat enhancements?

Tell us about any responsible bodies and whether you've used an S106 or conservation covenant.

N/A

7.4 Total baseline biodiversity value

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

N/A

Number of hedgerow biodiversity units

N/A

Number of watercourse biodiversity units

N/A

7.5 Total biodiversity value post-intervention

Enter the number from the headline results in your statutory biodiversity metric calculation.

Number of area habitat biodiversity units

N/A

Number of hedgerow biodiversity units

N/A

Number of watercourse biodiversity units

N/A

7.6 Total net change in biodiversity units

Enter the number from the headline results in your statutory biodiversity metric calculation.

Area habitat biodiversity units

N/A

Hedgerow biodiversity units % change

N/A

Watercourse biodiversity units

N/A

Watercourse biodiversity units % change

N/A

8. Statutory biodiversity credits

Answer this section if you need to use statutory biodiversity credits.

8.1 Do you need to use statutory biodiversity credits?

☐ Yes
☒ No

8.2 How many statutory biodiversity credits do you need?

Tell us the unit shortfall by tier, including the spatial risk multiplier. Enter the number from the headline results in your statutory biodiversity metric calculation.

A5

N/A

H

N/A

W

N/A

8.3 What evidence is there that no units are available through the market?

Send a message from at least 3 habitat providers, or a search result from online registers.

N/A

8.4 Proof of purchase

Send proof of purchase and enter the reference number.

N/A

9. Trading summary

9.1 Distinctiveness group

Tell us if you met the BNG trading rules on habitat compensation for each distinctiveness group. If you did not meet the trading rules, tell us if you agreed bespoke habitat compensation.

Check the rules on habitat compensation in the statutory biodiversity metric user guide.
