IPPOLITO FLEITZ GROUP IDENTITY ARCHITECTS

This plan is only valid in combination with the structural construction plans and all detail plans by the architect and the technical engineers. All dimensions and indications must be checked by the contractor, any discrepancies to dimensions as existing on site or in plans issued by third parties must be reported immediately to the site management prior to commencement of works. It is the contractors responsibility to check and determine all dimensions that are relevant for production and build-out, that refer to all physical characteristics and functions of any elements and coordinate with architects planning.
