Sketch Plan

KEY

- Tree T1 – Hornbeam (*Carpinus betulus*)
- Approximate Crown Spread
- Extent of Crown Reduction
- 2.0m Clearance from Building
- Site Boundary

PROPOSED WORKS

Tree T1 – Mature Hornbeam (*Carpinus betulus*).

Undertake a crown reduction/crown pruning to provide approximately 2.0 metres clearance from the front elevation of the property.

Prune back the lateral branches encroaching towards the fascia boards and windows, removing only those branches necessary to achieve the required clearance.

All pruning cuts to be carried out in accordance with BS 3998:2010 – Tree Work – Recommendations, retaining the tree's natural shape and form.
