Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- [x] Yes
- [ ] No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

Erection of rear dormer.

Does the proposal consist of, or include, a change of use of the land or building(s)?

- [ ] Yes
- [x] No

Has the proposal been started?

- [ ] Yes
- [x] No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

Under Class B.1 (B), the proposal does not exceed the highest part of the existing roof.

Under Class B.1 (C), the proposal is not to extend the plane of the roof slope such that it would impact the front elevation.

Under Class B.1 (D), the resulting roof space does not exceed original roof space by more than the 40m³ volume allowance applicable to terraced properties.

Under class B.2 (A), the materials proposed are selected to match those of the rear windows. Notwithstanding, the neighbouring property to the at 3 Hartley road has also used Zinc in a like for like loft conversion.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

Existing and proposed floor plans (ground, first and second)
Existing and proposed elevations (front, rear and side)

Select the use class that relates to the existing or last use.

C3 - Dwellinghouses

Information about the proposed use(s)

Select the use class that relates to the proposed use.

C3 - Dwellinghouses

Is the proposed operation or use

- [x] Permanent
- [ ] Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The loft conversion is relatively modest in it's overall scale and has proven to the client a viable option to increase the number of bedrooms within the property to support a growing family. On review of the permitted development rights for householders, the proposal is entirely compatible with the guidance as provided under class B, C and G which relate to the details of the project.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- [x] Yes
- [ ] No

If the planning authority needs to make an appointment to carry out a site visit, whom should they contact?

- [x] The agent
- [ ] The applicant
- [ ] Other person

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- [ ] Yes
- [x] No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No

Interest in the Land

Please state the applicant's interest in the land

⊘ Owner
