Cc [REDACTED]

Good morning Steve, hope you're well.

Please could we get some clarification on their plans, on what trees WILL be retained?
They have listed T004, T005, T006 as 'Retain if possible'

We approve of the suggested removal of T003, as the tree has had low vigour for the past couple of years.

However, it appears as though many of the trees on site have been removed prior to the survey, which is obviously not a good sign of their intentions. It can clearly be seen using Google Streetview images, see below. Arbtech have noted it in their report, as they must be aware of the new Forestry Commission powers.

Jun 2023 [See latest date](#)

Please let me know if there's a planning application for the removal of those trees, I've had a look but can't find anything.
Thanks and best regards,

Tree Officer
