Good afternoon [REDACTED]

Thank you for the quick response,

I'd be very grateful if you could forward this email to all the people concerned ward councillors, executive members etc

Kind regards

[REDACTED]

Dear [REDACTED]

Thank you for your email.

Unfortunately, Cllr Garry Bridges isn't the ward councillor for Crumpsall and does not have responsibility for planning under his remit as Deputy Leader.

However, I'm happy to pass your email on to the Crumpsall ward councillors with your permission? Alternatively, I can pass your email on to the Executive Member with responsibility for planning.

Kind regards

Dear Councillor Garry Bridges,

I hope you don't mind me contacting you directly.

My name is [REDACTED] and I live just around the corner from the proposed school at Westwood Nursing Home. I also spoke on behalf of local residents at the recent Planning Committee meeting to explain our concerns about this application.

I wanted to ask if you would please take the time to consider the concerns of those of us who live here before any final decision is made.

I appreciate that a site visit has now been arranged, and I hope it will give councillors a better understanding of the area than plans and photographs alone. My only concern is that the visit is taking place during the summer holidays. Although Ansleigh Avenue is always heavily parked, the surrounding roads won't show the normal traffic and congestion that we experience during school term time, particularly at the beginning and end of the school day.

As a local resident, I see every day how busy Crumpsall Lane already is and how limited parking is on the surrounding streets. I worry that the additional traffic from a school, particularly one where some children may require assisted drop-off or different transport arrangements, will place even more pressure on roads that are already struggling.

This isn't about being against a school or against children with additional needs. We all want those children to have the best possible education. Our concern is simply whether this particular location is suitable and safe for the scale of the proposal.

Thank you for taking the time to read my email. I hope the concerns of local residents will be given careful consideration before a final decision is reached.

Kind regards,

[REDACTED]
