Manchester City Council.

3d August 2026

Dear Sirs,

Re: Notice of Intention to Remove Four Trees – At The Rear of 28 College Road, Whalley Range, Manchester, M16 8FH

Kingform Limited is the owner of **28 College Road, Whalley Range, Manchester M16 8FH**, which we believe to be located within the Whalley Range Conservation Area.

We wish to give notice of our intention to remove four **self-seeded sycamore trees** situated in the rear garden of the property, which have grown very close to the rear boundary wall.

The above mentioned property is currently subject to an insurance claim for subsidence. During a site visit last week, the trees were highlighted by structural engineers as requiring immediate removal before the wall collapses with possible injury to anyone in the alley way behind.

I would be grateful if the Council would consider this notice and confirm whether the proposed work may proceed as soon as possible, or advise if any further information is needed.

Please see attached pictures.

Yours sincerely,

Jane
