Description of Proposal

Does the proposal consist of, or include, the carrying out of building or other operations?

- [x] Yes
- [ ] No

If Yes, please give detailed description of all such operations (includes the need to describe any proposal to alter or create a new access, layout any new street, construct any associated hard-standings, means of enclosure or means of draining the land/buildings) and indicate on your plans (in the case of a proposed building the plan should indicate the precise siting and exact dimensions)

The proposals consist of the internal remodelling of the ground floor layout to this terraced property. We propose to remove the dilapidated existing, attached (but externally accessed) lean-to storage room connected to the existing kitchen outrigger at the rear of the property. The existing rear window of the kitchen outrigger will be altered (increased in size, with a new window being installed, with frames to match existing. The existing external double doors on the wall rear wall of the main house will be replaced with a single hinged door. There will be 2No. new rooflights installed in the rear of the roof of the kitchen outrigger (replacing the single rooflight that exists now).

Does the proposal consist of, or include, a change of use of the land or building(s)?

- [ ] Yes
- [x] No

Has the proposal been started?

- [ ] Yes
- [x] No

Grounds for Application

Information about the existing use(s)

Please explain why you consider the existing or last use of the land is lawful, or why you consider that any existing buildings, which it is proposed to alter or extend are lawful

We are not extending the property at all. The existing store to be demolished is in a state of disrepair, and small in size - its' removal has no impact on the property itself, or any neighbouring properties. The alteration/enlargement of the rear window is simply to increase light amenity into a badly lit space internally - it overlooks the private garden and will have no affect on any neighbouring properties. The rooflights proposed will be installed with their highest point being less that 150mm above the existing roofline.

The proposals fall within Permitted Development guidelines.

Please list the supporting documentary evidence (such as a planning permission) which accompanies this application

- [x] Permanent
- [ ] Temporary

Why do you consider that a Lawful Development Certificate should be granted for this proposal?

The proposals have no impact on neighbouring properties or the local area as a whole. The proposals are minimal and are within PD guidelines.

Site Visit

Can the site be seen from a public road, public footpath, bridleway or other public land?

- [x] Yes
- [ ] No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
