Oldham Road PH2 – Car park management plan

Management of the car parking spaces will be set out when residents move into the properties, this will include ensuring that residents know which car parking space is their own.

The management of any issues of the car parking spaces will be monitored by the neighbourhood officers of the area.

Alongside the travel plan, residents will be encouraged to use public transport where possible, to avoid overcrowding of the areas surrounding the properties, and any issues that may arise from multiple cars per property.

If there is an issue with the electric gates, the residents will be advised to ring One Manchester, who will arrange any call outs for repairs or maintenance.
