Material Key

All materials to be formally approved via sample panel. Product references and finishes may be substituted in lieu of suitable alternative.

Refer to Facade Fragment drawing series 215XX for further information.

1. Pre-cast concrete panel with acid-etched finish. Product reference: TBC. Mastic joints to be colour matched to pre-cast concrete finish.
2. Pre-cast solid panel with textured finish. Colour to match 1.
3. Profiled pre-cast concrete header. Colour and finish to match 1.
4. Aluminium window system with clear glazing. Interpon anodic finish or similar approved.
5. Operable side hung aluminium window system with concertina aluminium panel to front face for purge ventilation. Colour and finish to match 4.
6. Aluminium cladding, flashing, cills, copings, & railings. Colour and finish to match windows.
7. Red facing brickwork. Combination of common bond and soldier course. Product reference: TBC
8. Chamfered red facing brickwork panel/headers. Combination of common bond and soldier course using brick specials. Colour and finish to match 7.
9. Existing facing brickwork.
10. Concertina perforated aluminium header. Colour and finish to match windows.
11. Aluminium curtain wall system with clear, obscured, and translucent glazing. Colour and finish to match windows. Translucent product reference: Okalux TBC
12. External glazing doorset. Colour and finish to match windows.
13. Solid/louvred aluminium doorset. Colour and finish to match windows.
14. Decorative, perforated aluminium cladding system. Colour and finish to match windows.
15. Glazed balustrade with frameless top edge. Colour and finish to match windows.
16. Vertical standing seam zinc facade system. VMZinc Natural Zinc finish or similar approved.
17. Slim louvred awning. Colour and finish to match 16.
18. External facade membrane finish. Colour to match 14.
