Dear sue wills

there are six houses near the good shepard convent and are all elderly and not in the best of health.and theres a special school called meade hill that backs on to the old convent, and theres a church already on the grounds of the convent.the amount of traffic that goes up and chain road on a daily basis.will get ten times worse then it is now,when this church is built.iam sure they can build the church bigger with the land they have all already [got.in](#) salford,instead of putting it on are door step,if your going to build something build it for the people that live the covent.and not for outsiders.and will we be get compensation for the nosie and disruption of the building work.
are views wont be herd and it will be built anyway.

Many Thanks
