Dear Sue

To add to the objection that I sent to you on 18th March 2025 please can I also submit some photographs to support my objection.

These photographs were taken on Cooper Lane on Sunday 23rd March 2025 at around 10:15am.

The planning application suggests that Cooper Lane will be used by a large amount of vehicles accessing and leaving the proposed site.

I have taken the photographs on this specific day and time as this highlights how congested the road already is before the proposed site expects to have the most vehicles accessing and leaving the site down these residential roads (Sunday services).

I hope this will help.
Thank you for your time with this issue.

Yours sincerely
