

Proposed Sample Panel - Elevation.

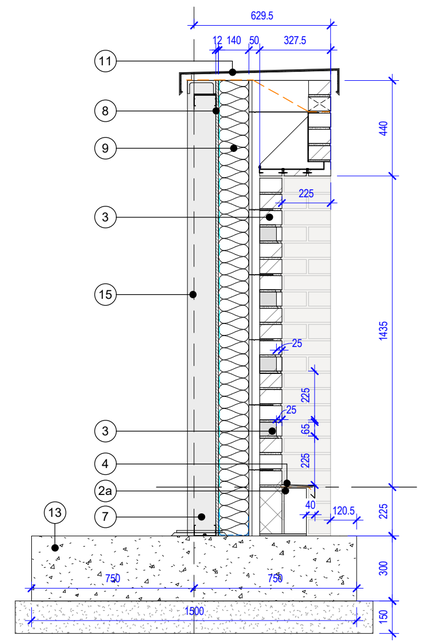

Proposed Sample Panel - Section 1.

Proposed Sample Panel - Section 2.

Proposed Sample Panel - Plan Details.

Proposed Sample Panel - Section 3.

Please note:
Structural support for sample panel to be designed by the Structural Engineer.
Bespoke M&E ventilation grills to be developed by M&E Specialist.

Two Sample Panels are to be produced on site to provide samples of each brick specification. One in the 'Grey' and one in the 'Red' brick, with stack and flemish bond brickwork to match accordingly. Proposal is for one singular colour Anodic finish to be used throughout the building to all aluminium frames and flashings.

Mortar colours are subject to LPA approval as part of built sample panel.

Cavity barriers, membranes and insulation within the SFS to align with onsite requirements and not required for the purpose of the sample panel.
Please refer to SE Drawing - DDN04 Sample Panel Structural Requirements for further information.

1. Facing Brickwork. Colour:
   1a. Vandersanden 65mm Majestic (302) White Buff Multi (Primary Brick) Light Grey - Bucket handle pointing.
   1b. Wienerberger 65mm Colorado Red Multi (Secondary Brick) Dark Brown - Bucket handle pointing.

2. Brick Stack Bond.
   2a. Vandersanden 65mm Majestic (302) White Buff Multi (Primary Brick) Light Grey - Bucket handle pointing.
   2b. Wienerberger 65mm Colorado Red Multi (Secondary Brick) Dark Brown - Bucket handle pointing.

3. Flemish Bond with 25mm localised recess to brickwork. To match adjacent brickwork. Recessed elements in accordance with elevational setout. Allow for brick specials for reduced depth areas and bond setout.

4. Aluminium Window Cills.
   PPC Aluminium window cills. Finished in Interpon D2525 Anodic Matt - Soft Silver - Metallic (Y2203I).

5. Aluminium flashing to masonry head reveal. Allow for slotted vent opening connected to plenum to communicate typical extract vent detail. Finished in Interpon D2525 Anodic Matt - Soft Silver - Metallic (Y2203I).

6. Aluminium Frames Glazing
   6a. Windows - 55mm Frames / 71mm Casement
   6b. Curtain Walling - 50mm Frames
   PPC Aluminium - Finished in Interpon D2525 Anodic Matt - Soft Silver - Metallic (Y2203I) to both sides. Clear glazing unless denoted otherwise.

7. Internal SFS + Insulation.
   To include head and base restraints accordingly. A1 rated non-combustible to be installed as required, shown indicatively for completeness.

8. CP Board.
   12mm thick non-combustible sheathing board. To achieve a rating of A2-s1, d0 or better as a minimum. Category A, Class 2 to BS EN 12467:2012 as required by to achieve pull out loads.

9. Cavity Insulation
   A1 rated non-combustible mineral wool insulation. To achieve a rating of A2-s1,d0 as a minimum.

10. Fire Barriers.
    Closed state horizontally and vertically to masonry outer leaf cavities, on compartment lines to achieve the same rating as the wall or floor forming the compartment line. To achieve a minimum A1 rated, non-combustible.

11. Aluminium Parapet Capping.
    Reinforced PPC Aluminium capping. Finished in Interpon D2525 Anodic Matt - Soft Silver - Metallic (Y2203I).

12. Cavity tray/ DPC & Weep Vent.
    A1 rated non-combustible metal weepholes in the course directly above cavity trays and dpc's at 450mm centres.

13. Concrete Pad to SE Design. Recommended Depth of Foundation 300mm to sit on a Mortar Type 1 Bed of Foundation. Refer to SE Drawings.

14. Movement Joints to SE Design. Sealant to closely match the mortar colour / window frame finish - to be agreed with MCC.
    Manufacturer: Arbosil LMS range
    Windows: Light Grey or Grey
    Grey Brickwork: Light Grey or Grey
    Red Brickwork: Rustic Red

15. Steelwork/ Posts to SE Design. Shown indicatively for design intent. Refer to SE Drawings. Lintel specification to be confirmed by Ibstock.

16. Perforated Aluminium Panel
    PPC Aluminium glazed in panel, with a perforated hexagonal pattern. Transitions vertically to reduce density of perforations. Finished in Interpon D2525 Anodic Matt - Soft Silver - Metallic (Y2203I). Louvres to be black.

Sample Panel Drawing is to be read in conjunction with the Plymouth Grove, 'Ardwick, Manchester Material Schedule', approved planning elevations and relevant non-material amendments.
Images are illustrative only and are subject to presentation of all material samples and associated sample panels to the local planning authority.

GENERAL NOTES:

DAY Architectural Ltd does not warrant or take responsibility for any costs, losses or claims whatsoever arising from these drawings, specifications and related documents unless there is full compliance by the intended recipient or user with the following:

1. All boundaries, dimensions and levels are to be checked on site before construction and any discrepancies reported to the Architect / Designer prior to commencement of any works.
2. Partial Service: Any discrepancies with site or other information is to be advised to the Architect / Designer and direction and / or approval is to be sought before the implementation of the detail.
3. Block and site plans are reproduced under license from the Ordnance Survey.
4. For the purpose of coordination, all relevant parties must check this information prior to implementation and report any discrepancies to the Architect / Designer. The information must solely and only be used for the coordination and/or construction of the current project.
5. The copyright of the original documents belongs to DAY Architectural Limited. The information is only for use in preparation of documents for this project. The information issued may be confidential and must not be used other than by the intended recipient.
6. The recipient is responsible for verifying the correctness and completeness of the information issued. This should be done by consulting all relevant associated documents including but not limited to information provided by the Civil / Structural Engineer, MEP Engineer(s), Fire Engineer, Acousticians, Highways Consultant, Flood Risk Assessor, Party Wall Assessor and any other project designers / consultants supplied during the course of the project and by confirming dimensions on site.
7. It is the responsibility of the recipient to ensure they have the most up to date information.
8. If altered or added to in any way, all references to DAY Architectural Limited must be removed and those making the changes assume total responsibility for the information thereon.
9. The Architect does not warrant that planning permission, Building Control/Building Safety Regulator Approval and other approvals from third parties shall be granted at all or, if granted, will be granted in accordance with any anticipated timescale. All designs provided are subject to such approval.
10. Any façade/cladding design provided by DAY Architectural Limited is in relation to indicative design intent only and DAY Architectural Limited shall have no contractual or insurance liability for such design howsoever provided.
11. This drawing must not be used for 'construction' purposes unless noted otherwise.
12. Do not scale off drawings. Any measurements taken from information which is not dimensioned on the electronic copy are at the risk of the recipient.
