

Key plan (not to scale)- pitched valley locations

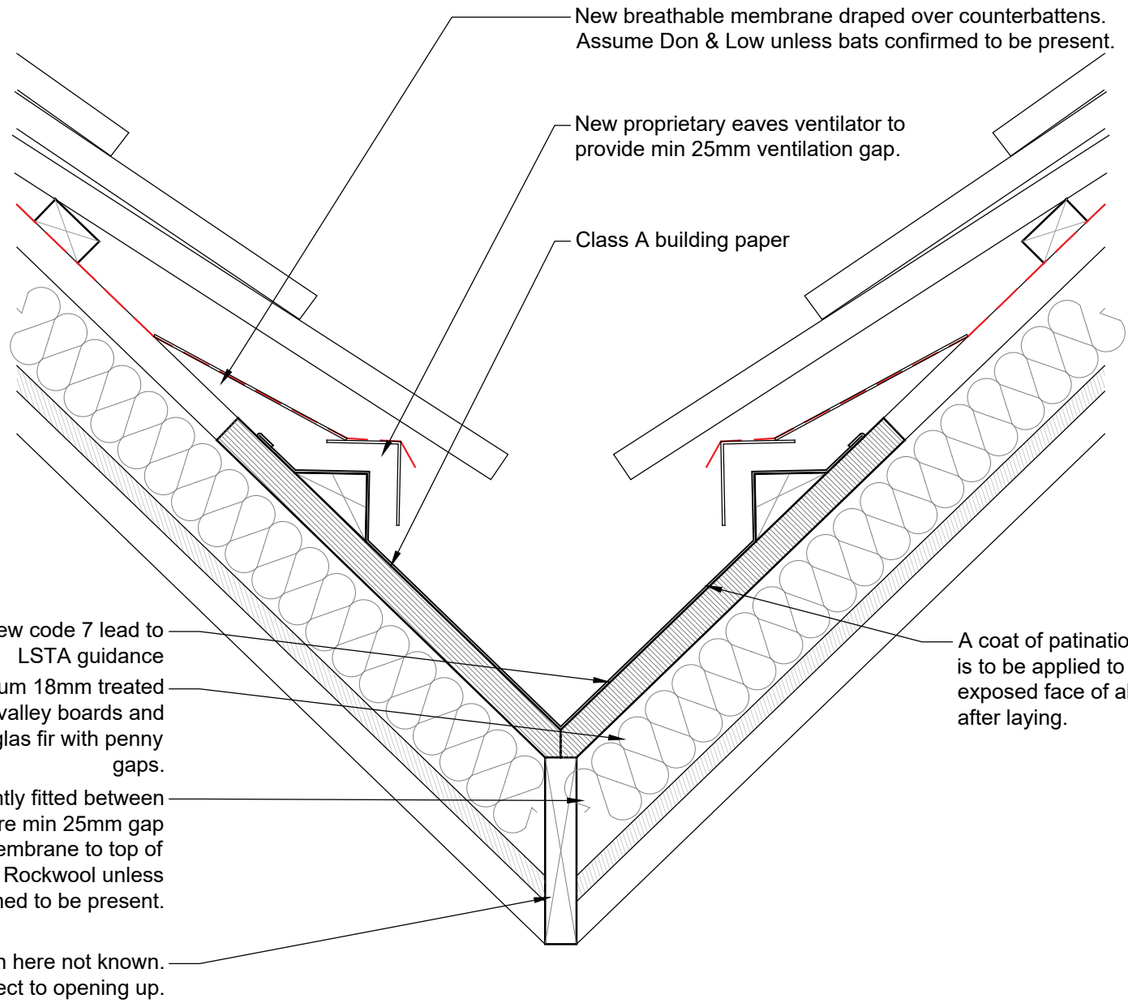

01- Stone Slate Typical Pitched Valley as Existing
1:5 at A3

NOTES

- The fabric must be worked on with great care, by specialists skilled in heritage work.
- No hot works are to take place on the roof. Any hot works taking place on site require a permit.
- Extent of repairs required to the structure is unknown. Structural engineer to advise on repairs where neccessary.
- Allow for adequate time in the program for inspection and detailing of any repairs.
- A coat of patination oil is to be applied to the exposed face of all lead after laying

Refer to drawing 3310 for slating and roof covering information.

02- Stone Slate Typical Pitched Valley as Proposed
1:5 at A3

0 50 100 250
Scale 1:5 mm

Notes
1. Any dwg format drawing is to be read in conjunction with and at the scale of the accompanying pdf.
2. Where colours other than black or grey are used, the drawing must be plotted in colour.
3. For status 'C' (Construction) drawings all dimensions are to be checked on site by the contractor, scaling is for Local Authority purposes only.
4. Unless otherwise indicated, all dimensions are in millimeters.
5. All information on this drawing is to be read in conjunction with the relevant Donald Insall Associates specification and trade contractors' drawings and information by specialists.
6. In the event of any discrepancy, please contact us immediately.
7. This drawing may contain survey information by others and is to be used solely for the purposes for which it was issued.
8. These are uncontrolled documents issued for information purposes only. If you have any queries regarding the drawings, please contact DIA immediately.
9. Please note DIA cannot be held responsible for any errors arising from changes made to an uncontrolled dwg file.
