Part 2 – Particulars of decision

Manchester City Council gives notice that application referred to in Part 1 has been **refused** for the following reason(s):

1) This application was submitted to us on 15 July 2026.

When assessing the criteria of the larger homes extensions under Schedule 2, Part 1, Class A of the above Order, the proposal must comply with all of the requirements to be permitted development; this includes all conditions, limitations or restrictions. In paragraph A.1(j) of the Order, development is not permitted where "the enlarged part of the dwellinghouse would extend beyond a wall forming a side elevation of the original dwellinghouse...," and "...(iii) have a width greater than half the width of the original dwellinghouse"; a wall forming a side elevation is any wall that cannot be identified as being a front wall or a rear wall. In the interpretation section of the Order "original" is stated to mean - (a) in relation to a building existing on 1 July 1948, as existing on that date; (b) in relation to a building built on or after 1st July 1948, as so built.

It is clear from aerial photographs, together with 1955 OS mapping, that the property incorporated a rearward projection when it was built, which still exists; there are other examples of the same projection to the rear of other properties in the immediate area. Accordingly, this rearward projection can therefore be said to have formed part of the "original" dwellinghouse for the purposes of the Order.

The submitted drawings show that this original projection will be demolished as part of the proposed development. However, the development will still extend beyond a wall that formed the side elevation of this original rearward projection and it will have a width greater than half the width of the original dwellinghouse. As such the proposal would fail to meet the limitations of sub-paragraph (j). Accordingly, the proposal does

not satisfy all of the conditions and limitations and is therefore not permitted under the Order and an application for planning permission is required.
