Proposed Indicative Street scene from Edge Lane

Existing Rear View from High Lane

Proposed Indicative Rear View from High Lane

All dimensions to be checked & verified on site prior to construction.
Figured dimensions to be read in preference to scaled from drawings.

Should there be any discrepancy between drawings & specification, such discrepancy is to be brought to the attention of the Architect with a view to equitable interpretation. Otherwise, the Contract shall be deemed to cover the alternative which involves the greater cost.

CB3 accepts no responsibility for any unauthorised amendments to the drawing or design and does not permit unauthorised copying of the drawing.

This drawing is subject to copyright law and remains the property of CB3 Design Ltd unless otherwise agreed.

Variations are to be approved by the Architect in writing prior to any work being done or materials being ordered for the variation. Failure to obtain written approval will result in the variation not being allowed and design responsibility residing with the party who made the change.

Before undertaking any works, persons undertaking the works shall be deemed to have:
a) Carefully examined the drawings, the form of Contract and any Specification.
b) Fully informed themselves as to the site, the physical conditions upon and below the surface of the site, and any other conditions affecting the carrying out of the Works.
c) Made their own interpretations, deductions and conclusions as to the difficulties and cost of carrying out the Works, and to have formulated an estimate of facilities available and needed to fulfil all their obligations under the contract.

Failure to correctly undertake the above, shall not relieve parties of the responsibility of satisfactorily performing the Works complete as required, regardless of their difficulty.

All works based on these drawings must conform with current Building Regulations and Local Authority approvals.

All discrepancies to be notified to the Architect, immediately that they are identified.
