Dear Sir / Madam

Re Ryebank Fields, Chorlton

I wish to propose a compromise with reference to the above. I wish to propose that the southern third of this site (the former brickworks) be used for new housing, but that the remaining part of this open space be used as a re-wilded public open area. In addition I propose that the historic Nico Ditch, which bisects this site, should be fully restored and protected. Please will you email to give me your views on my above mentioned proposals.

Thank you

[REDACTED]
Manchester resident
