Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: Dear Planning Committee (reference 143413/FO/2025

I wish to support the referenced planning application for the following reasons:

- 1) it retains the natural habitats and protected species
- 2) it ensures that asbestos is not released into the community
- 3) it ensures that the children's education in the surrounding primary school is not disrupted and they have a space to play.
- 4) This is the only green space in Chorlton village and it helps to counter the heavy traffic flows on Wilmslow road in terms of CO2 and noise
- 5) it ensures that the Manchester metropolitan university developers are not able to destroy what IS OUR asset. They were entrusted to look after it , not SELL it selfishly as the TORY government for years has not funded HE probably. Our community should not pay the price. Also who is going to vote for labour on Chorlton if it does go ahead.

Yours sincerely

.

5)
