Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I strongly support the motion to save Ryebank Fields from development and instead protect it as a community woodland and meadow.

This is a vital piece of land for our local community. In a city where development pressures are high, areas like Ryebank Fields are increasingly rare and should be cherished, not destroyed.

The fields are also home to a wide range of wildlife - once lost, this biodiversity cannot simply be replaced.

We should be investing in more natural spaces, not reducing the few we have left. By protecting Ryebank Fields as a community woodland and meadow, we safeguard a space that benefits people, wildlife, and the environment for generations to come.

Please acknowledge receipt of this comment.

Yours sincerely
