Commenter Type: Member of the Public

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I wholeheartedly support this proposal. It is a fantastic idea. Rye Bank Fields are a beautiful rewilded space that my family and I use almost every day. [REDACTED] [REDACTED] especially enjoy walking home from school through the fields, exploring, playing, and discovering wildlife. It is reassuring to have such an ecologically important area so close to their home and school, particularly in a city like Manchester where levels of air pollution are high. Protecting and enhancing this green space as community woodland and meadow would be of huge benefit to local families, wildlife, and the wider environment.
