Comment Details

Commenter Type: Neighbour

Stance: Customer made comments in support of the Planning Application

Comment Reasons:

Comment: I 100% support this application to preserve Ryebank Fields as the area of outstanding natural beauty that it is.

This is a beautiful nature reserve and an extremely important carbon sink in a busy metropolitan city.

Also, the traffic around Chorlton has become increasingly intense over the past 5 or so years, with all of the new housing developments.

Parking is already extremely limited, and roads and infrastructure are already at our over capacity.

School places in the area are already over subscribed, the last thing that anyone should consider is another 120 houses and the destruction of valuable and essential natural resources.

Please please please keep this green space as it is.

Thank you.
