Hi Jennifer

I hope you are well and had a nice weekend.

I have been involved with the scheme from an early stage and was involved in the production of the Crime Impact Statement – my colleague Bradley Hart also produced a Crime Impact Statement for the first phase.

Having looked at the submitted plans then recommendations made in the Crime Impact Statement have widely been incorporated and I have no concerns with the application being approved. I would recommend that a condition stipulating compliance with the CIS or that the development should achieve Secured by Design – if you are minded to approve the application.

[REDACTED]

Kind regards
