Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe details of the proposed development or works including any change of use

Change of use of an existing car detailing and vehicle repair workshop (Use Class B2) to a modern dessert takeaway with a small internal customer seating area (Use Class E).

The proposed development comprises the comprehensive fit-out and refurbishment of the existing commercial car detailing unit to facilitate its new use as a modern dessert takeaway. The internal layout has been carefully designed to provide a functional and efficient customer and staff environment whilst making the best use of the existing building.

The proposed works include the installation of a new customer servery counter, a fully equipped back-of-house commercial kitchen, customer and staff toilet facilities, and ancillary back-of-house accommodation, including storage and staff welfare areas. In addition, new mechanical, electrical and plumbing services will be installed to support the operation of the premises, together with all necessary commercial catering equipment and ventilation systems.

The refurbishment will also include new floor, wall and ceiling finishes throughout the unit, together with associated decorative works and the installation of new lighting and internal fixtures and fittings. The proposals have been developed to transform the existing vehicle repair workshop into a modern, high-quality takeaway premises that will provide an active commercial use while maintaining a safe, functional and attractive environment for both customers and staff.

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

◯ Yes, on the development site
◯ Yes, on land adjacent to or near the proposed development
⊘ No

b) Designated sites, important habitats or other biodiversity features

◯ Yes, on the development site
◯ Yes, on land adjacent to or near the proposed development
⊘ No

c) Features of geological conservation importance

◯ Yes, on the development site
◯ Yes, on land adjacent to or near the proposed development
⊘ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?

◯ Yes
⊘ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in The Environment Act 2021: "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:
Development subject to the de minimis exemption (development below the threshold)

Do you confirm that the development falls below the impact threshold and that no onsite priority habitats are impacted?:
Yes

Please justify the reason why biodiversity net gain does not apply:
The proposal relates to the change of use and internal refurbishment of an existing commercial unit. The development does not involve any works to existing habitats, landscaping, or undeveloped land and therefore the statutory Biodiversity Gain Condition is not applicable.

Please read the help text for further information why developments may be exempt or not in scope.

Evidence for 'de minimis' exemption claim

Government guidance strongly encourages the provision of evidence (e.g. plans and metric calculations) to allow the local authority to validate your exemption claim, even where the site is zero rated. Failure to submit sufficient information may result in your application being deemed invalid, delaying progress until it is provided.

Please provide the pre-development biodiversity value of onsite habitats on the date of calculation

0

Please provide the date the onsite pre-development biodiversity value was calculated

18/09/2026

This should be either the date of the application, or an earlier proposed date

Please provide the projected post-development biodiversity value

0

Please provide the reference for any document or supporting file (for example, the completed biodiversity metric calculation) that supports the values and justification above and will allow the local planning authority to confirm that the impact on on-site habitats falls below the de minimis threshold, taking into account any on-site priority habitats.

Foul Sewage

Please state how foul sewage is to be disposed of:

- [x] Mains sewer
- [ ] Septic tank
- [ ] Package treatment plant
- [ ] Cess pit
- [ ] Other
- [ ] Unknown

Are you proposing to connect to the existing drainage system?

- (x) Yes
- ( ) No
- ( ) Unknown

If Yes, please include the details of the existing system on the application drawings and state the plan(s)/drawing(s) references

The site already have an internal drainage system in place, as part of the fitout work, our new internal above ground drainage will connect into the existing drain pop up locations.

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- [x] Yes
- [ ] No

If Yes, please provide details:

There is an existing bin store that will be used as part of the proposed operation.

Have arrangements been made for the separate storage and collection of recyclable waste?

- [ ] Yes
- [x] No

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- [x] Yes
- [ ] No

If Yes, please describe the nature, volume and means of disposal of trade effluents or waste

As part of the proposed development, commercial cooking operations will be undertaken within the premises. To accommodate this, a suitably sized grease trap has been incorporated into the kitchen fit-out to assist with the management of fats, oils and grease (FOG) before wastewater enters the existing drainage system.

The proposal will also generate trade waste associated with the operation of the takeaway. This waste will be appropriately segregated and stored within the premises before being disposed of via the existing designated bin storage area, in accordance with the site's current waste management arrangements.

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- [ ] Yes
- [x] No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?
Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

- [ ] Yes

Pre-application Advice

Has assistance or prior advice been sought from the local authority about this application?

- [ ] Yes
- [x] No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

- [ ] Yes
- [x] No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)
