160 Church Lane was divided into an upstairs and downstairs flat. Council Tax records show this was done from 1st April 1993. Since then they have also had separate utility bills and their own waste bins. The front door on Church Lane is the entrance to both flats, but they are separated immediately on entrance. Each flat has its own kitchen and bathroom and two further rooms (One being a bedroom and the other serving as a lounge area)

Previous to this the whole property would have served as a single three bedroom house.

Community Infrastructure Levy

Your development may be liable for a charge under the Community Infrastructure Levy if it involves new or additional gross internal area for residential and non-residential buildings, including extensions or a new dwelling. If your scheme is liable, this charge is payable after development begins.

Information on the CIL charges can be found on the local authority website. In London both Mayoral and local borough CIL charges may be applicable.

Your answers below, and in the application, will enable the local authority to establish if your development is liable for a charge and to calculate it accurately.

Further information on CIL, and what to do if you are liable can be found on the Planning Portal.

It is an offence for a person to knowingly or recklessly supply information which is false or misleading in a material respect to a collecting or charging authority in response to a requirement under the Community Infrastructure Levy Regulations (2010) as amended (regulation 110, SI 2010/948). Does the application include creation of one or more new dwellings (including residential annexes) either through new build or conversion (except the conversion of a single dwelling house into two or more separate dwellings with no additional gross internal area created)?
