Where the use, building works or activity began ***before 25 April 2024***

- ☑ The use began more than 10 years before the date of this application
- ☐ The use, building works or activity in breach of condition began more than 10 years before the date of this application

Where the use, building works or activity began on or after 25 April 2024

- ☐ The use, building works or activity began more than 10 years before the date of this application.

Is the certificate being sought for a use, operation, or activity in breach of a condition or limitation?

◯ Yes
⊘ No

Please state why a Lawful Development Certificate should be granted

The use of the property as a small House in Multiple Occupation (Use Class C4) has continued for well over ten years without interruption. Since at least 2007, the flat has been continuously occupied by three unrelated adults sharing facilities under joint and several tenancy agreements. The use has never reverted to Class C3.

Evidence submitted with this application demonstrates, on the balance of probabilities, that the C4 use has existed for more than ten years. Under Section 191 of the Town and Country Planning Act 1990, the use is therefore lawful and immune from enforcement. A Certificate of Lawfulness should be granted accordingly.

Community Infrastructure Levy

Your development may be liable for a charge under the Community Infrastructure Levy if it involves new or additional gross internal area for residential and non-residential buildings, including extensions or a new dwelling. If your scheme is liable, this charge is payable after development begins.

Information on the CIL charges can be found on the local authority website. In London both Mayoral and local borough CIL charges may be applicable.

Your answers below, and in the application, will enable the local authority to establish if your development is liable for a charge and to calculate it accurately.

Further information on CIL, and what to do if you are liable can be found on the Planning Portal.

It is an offence for a person to knowingly or recklessly supply information which is false or misleading in a material respect to a collecting or charging authority in response to a requirement under the Community Infrastructure Levy Regulations (2010) as amended (regulation 110, SI 2010/948). A person guilty of an offence under this regulation may face unlimited fines, two years imprisonment, or both.

- the new or additional internal area solely relates to an internal/mezzanine floor and no other works or change of use are proposed.

(b) an elected member
(c) related to a member of staff

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
