Good morning Jennifer, hope you are well.

Please could you let me know if I am missing something?

I don't see an AIA, or AMS anywhere within the documents.
They have a tree survey, which doesn't recommend any preliminary works, so I'm happy with that.

However, we need to see an Arb Impact Assessment and Arb Method Statement, showing how they will work around the trees without damaging them.
Ie. Tree protections, method statement for how they will work around the RPA (Root protection area,) etc.

Please let me know if there's anything I can assist with.
Happy to help where possible.

Thanks and best regards,
