Good morning,

I can confirm that the revised wording of condition 1 has been agreed between NATS and the Applicant, we trust this is acceptable to the LPA. For the avoidance of doubt, I reproduce both conditions below.

1. *"No construction shall commence within Phase A, with the exception of site clearance and demolition, until a Radar Mitigation Scheme (RMS)(1), (including a timetable for its implementation during construction), has been agreed with the Operator(2) and approved in writing by the City Council as Local Planning Authority"*
2. *No construction work shall be carried out above 60m AGL unless and until the approved Radar Mitigation Scheme has been implemented and the development shall thereafter be operated fully in accordance with such approved Scheme.*

Regards

---

Hi Jen

We understand that NATS have already advised as to the wording of planning conditions relating to the Radar Mitigation Scheme - these being as follows:

1. *No construction shall commence on site until a Radar Mitigation Scheme (RMS), (including a timetable for its implementation during construction), has been agreed with the Operator and approved in writing by the Local Planning Authority.*
2. *No construction work shall be carried out above 60m AGL unless and until the approved Radar Mitigation Scheme has been implemented and the development shall thereafter be operated fully in accordance with such approved Scheme.*

> *"Operator" means NATS (En Route) plc, incorporated under the Companies Act (4129273) whose registered office is 4000 Parkway, Whiteley, Fareham, Hants PO15 7FL or such other organisation licensed from time to time under sections 5 and 6 of the Transport Act 2000 to provide air traffic services to the relevant managed area (within the meaning of section 40 of that Act).*

We have since been in discussions with [redacted] at NATS (cc'd) regarding the wording of the first condition. Through these discussions it has been agreed that the wording be amended as follows:

> *"No construction shall commence within Phase A, with the exception of site clearance and demolition, until a Radar Mitigation Scheme (RMS)(1), (including a timetable for its implementation during construction), has been agreed with the Operator(2) and approved in writing by the City Council as Local Planning Authority"*

1. *and (2) relate to the relevant informatives*

Sacha has asked to be copied into this email and will confirm that NATS are happy with the alternative wording and the informatives to be applied.

Many Thanks

Olivia
