Description of the Proposal

Please note in regard to:

- **Fire Statements** - From 1 August 2021, planning applications for buildings of over 18 metres (or 7 stories) tall containing more than one dwelling will require a 'Fire Statement' for the application to be considered valid. There are some exemptions. View government planning guidance on fire statements or access the fire statement template and guidance.
- **Permission In Principle** - If you are applying for Technical Details Consent on a site that has been granted Permission In Principle, please include the relevant details in the description below.
- **Public Service Infrastructure** - From 1 August 2021, applications for certain public service infrastructure developments will be eligible for faster determination timeframes. See help for further details or view government planning guidance on determination periods.

Description

Please describe details of the proposed development or works including any change of use

Erection of a two-storey roof extension to create ancillary live/work accommodation above the existing shop. This application is a resubmission of the previously approved development under planning permission reference 133083/FO/2022, following the expiry of that permission.

Has the work or change of use already started?

◯ Yes
⊘ No

Existing Use

Please describe the current use of the site

The site is currently occupied by an existing commercial shop at ground-floor level, with associated ancillary accommodation above.

Is the site currently vacant?

◯ Yes
⊘ No

Does the proposal involve any of the following? If Yes, you will need to submit an appropriate contamination assessment with your application.

Land which is known to be contaminated

◯ Yes
⊘ No

Land where contamination is suspected for all or part of the site

◯ Yes
⊘ No

A proposed use that would be particularly vulnerable to the presence of contamination

◯ Yes
⊘ No

Materials

Does the proposed development require any materials to be used externally?

⊘ Yes
◯ No

Please provide a description of existing and proposed materials and finishes to be used externally (including type, colour and name for each material)

Type:
Windows

Existing materials and finishes:
Existing framed glazed windows.

Proposed materials and finishes:
Double-glazed windows with frames matching the material, style and colour of the existing windows.

Type:
Roof

Existing materials and finishes:
Existing pitched roof finished with roof tiles.

Proposed materials and finishes:
Proposed pitched roof finished with roof tiles to match the type, profile and colour of the neighbouring property.

Type:
Walls

Existing materials and finishes:
Facing brickwork with areas of external render.

Proposed materials and finishes:
Facing brickwork and external render to match the materials, colours and finishes of the existing building.

Are you supplying additional information on submitted plans, drawings or a design and access statement?

- [x] Yes
- [ ] No

If Yes, please state references for the plans, drawings and/or design and access statement

Biodiversity and Geological Conservation

Is there a reasonable likelihood of the following being affected adversely or conserved and enhanced within the application site, or on land adjacent to or near the application site?

To assist in answering this question correctly, please refer to the help text which provides guidance on determining if any important biodiversity or geological conservation features may be present or nearby; and whether they are likely to be affected by the proposals.

a) Protected and priority species

◯ Yes, on the development site
◯ Yes, on land adjacent to or near the proposed development
⊘ No

b) Designated sites, important habitats or other biodiversity features

◯ Yes, on the development site
◯ Yes, on land adjacent to or near the proposed development
⊘ No

c) Features of geological conservation importance

◯ Yes, on the development site
◯ Yes, on land adjacent to or near the proposed development
⊘ No

Supporting information requirements

Where a development proposal is likely to affect features of biodiversity or geological conservation interest, you will need to submit, with the application, sufficient information and assessments to allow the local planning authority to determine the proposal.

Failure to submit all information required will result in your application being deemed invalid. It will not be considered valid until all information required by the local planning authority has been submitted.

Your local planning authority will be able to advise on the content of any assessments that may be required.

Biodiversity net gain

Biodiversity net gain is a legal requirement for planning permission introduced on 12 February 2024. All applications are required to either provide detailed information proving there will be a biodiversity increase; or explain why the requirement does not apply to the development.

Do you believe that, if the development is granted permission, the general Biodiversity Gain Condition (as set out in Paragraph 13 of Schedule 7A of the Town and Country Planning Act 1990 (as amended)) would apply?

◯ Yes
⊘ No

Biodiversity net gain has been introduced as a general condition for planning permission. As set out in The Environment Act 2021: "grants of planning permission in England [are] to be subject to a condition to secure that the biodiversity gain objective is met". Therefore, in England, all planning permissions are generally subject to biodiversity gain rules, unless they are specifically exempt or out of scope.

If you have stated that the biodiversity net gain requirement does not apply to your application you must provide the reason(s) why, and may also need to supply evidence (especially where you believe the application is eligible for the 'de minimis' exemption).

Please add all the reasons why biodiversity net gain does not apply and enter a justification for each one

Reason biodiversity net gain does not apply:
Development subject to the de minimis exemption (development below the threshold)

Do you confirm that the development falls below the impact threshold and that no onsite priority habitats are impacted?:
Yes

Please justify the reason why biodiversity net gain does not apply:
The proposal involves the construction of two additional storeys above the existing commercial building and remains entirely within its existing footprint. The development will not result in the loss or degradation of any on-site habitat, priority habitat or linear habitat. The affected area comprises the existing building only; therefore, the proposal qualifies for the de minimis exemption. The submitted site plans and existing drawings provide supporting evidence.

Please read the help text for further information why developments may be exempt or not in scope.

Evidence for 'de minimis' exemption claim

Government guidance strongly encourages the provision of evidence (e.g. plans and metric calculations) to allow the local authority to validate your exemption claim, even where the site is zero rated. Failure to submit sufficient information may result in your application being deemed invalid, delaying progress until it is provided.

Please provide the pre-development biodiversity value of onsite habitats on the date of calculation

0

Please provide the date the onsite pre-development biodiversity value was calculated

23/09/2026

This should be either the date of the application, or an earlier proposed date

Please provide the projected post-development biodiversity value

0

Please provide the reference for any document or supporting file (for example, the completed biodiversity metric calculation) that supports the values and justification above and will allow the local planning authority to confirm that the impact on on-site habitats falls below the de minimis threshold, taking into account any on-site priority habitats.

Foul Sewage

Please state how foul sewage is to be disposed of:

- [x] Mains sewer
- [ ] Septic tank
- [ ] Package treatment plant
- [ ] Cess pit
- [ ] Other
- [ ] Unknown

Are you proposing to connect to the existing drainage system?

- (x) Yes
- ( ) No
- ( ) Unknown

If Yes, please include the details of the existing system on the application drawings and state the plan(s)/drawing(s) references

The existing commercial premises are already connected to the mains sewer and have existing water supplies, sanitary facilities and foul-water outlets. The proposed additional floors will connect internally to the existing foul drainage system, using the existing drainage route and mains sewer connection. No new connection to the public sewer is proposed. Refer to the submitted Existing and Proposed Floor Plans and Site Plan.

Waste Storage and Collection

Do the plans incorporate areas to store and aid the collection of waste?

- ( ) Yes
- (x) No

Have arrangements been made for the separate storage and collection of recyclable waste?

- (x) Yes
- ( ) No

If Yes, please provide details:

Please refer to waste management strategy

Trade Effluent

Does the proposal involve the need to dispose of trade effluents or trade waste?

- ( ) Yes
- (x) No

Residential/Dwelling Units

Does your proposal include the gain, loss or change of use of residential units?

- ( ) Yes
- (x) No

All Types of Development: Non-Residential Floorspace

Does your proposal involve the loss, gain or change of use of non-residential floorspace?
Note that 'non-residential' in this context covers all uses except Use Class C3 Dwellinghouses.

- [x] Yes
- [ ] No

Please add details of the Use Classes and floorspace.

Community Infrastructure Levy

Your development may be liable for a charge under the Community Infrastructure Levy if it involves new or additional gross internal area for residential and non-residential buildings, including extensions or a new dwelling. If your scheme is liable, this charge is payable after development begins.

Information on the CIL charges can be found on the local authority website. In London both Mayoral and local borough CIL charges may be applicable.

Your answers below, and in the application, will enable the local authority to establish if your development is liable for a charge and to calculate it accurately.

Further information on CIL, and what to do if you are liable can be found on the Planning Portal.

It is an offence for a person to knowingly or recklessly supply information which is false or misleading in a material respect to a collecting or charging authority in response to a requirement under the Community Infrastructure Levy Regulations (2010) as amended (regulation 110, SI 2010/948). A person guilty of an offence under this regulation may face unlimited fines, two years imprisonment, or both.

Liability for CIL

Does the application include new build development (including extensions and replacement) of 100 square metres gross internal area or above?

◯ Yes
⊘ No

Note: Answer No if either:

- the new or additional internal area only relates to a building into which people do not normally go or only go into intermittently for the purposes of inspecting or maintaining fixed plant or machinery; or
- the new or additional internal area solely relates to an internal/mezzanine floor and no other works or change of use are proposed.

Does the application include creation of one or more new dwellings (including residential annexes) either through new build or conversion (except the conversion of a single dwelling house into two or more separate dwellings with no additional gross internal area created)?

◯ Yes
⊘ No

Employment

Are there any existing employees on the site or will the proposed development increase or decrease the number of employees?

⊘ Yes
◯ No

Authority Employee/Member

With respect to the Authority, is the applicant and/or agent one of the following:
(a) a member of staff
(b) an elected member
(c) related to a member of staff
(d) related to an elected member

It is an important principle of decision-making that the process is open and transparent.

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.

Do any of the above statements apply?

◯ Yes
⊘ No

Ownership Certificates and Agricultural Land Declaration

Certificates under Article 14 - Town and Country Planning (Development Management Procedure) (England) Order 2015 (as amended)

Please answer the following questions to determine which Certificate of Ownership you need to complete: A, B, C or D.

Is the applicant the sole owner of all the land to which this application relates; and has the applicant been the sole owner for more than 21 days? E.g. All the land is owned by a single individual

⊘ Yes
◯ No

Is any of the land to which the application relates part of an Agricultural Holding?

◯ Yes
⊘ No

Certificate Of Ownership - Certificate A

I certify/The applicant certifies that on the day 21 days before the date of this application nobody except myself/ the applicant was the owner* of any part of the land or building to which the application relates, and that none of the land to which the application relates is, or is part of, an agricultural holding**

*** "owner" is a person with a freehold interest or leasehold interest with at least 7 years left to run.**

**** "agricultural holding" has the meaning given by reference to the definition of "agricultural tenant" in section 65(8) of the Act.**

NOTE: You should sign Certificate B, C or D, as appropriate, if you are the sole owner of the land or building to which the application relates but the land is, or is part of, an agricultural holding.

Amendments Summary

This resubmission responds to the Council’s invalidity letter dated 6 October 2026. The proposal description and drawings have been revised to show the two-storey extension above the existing shop for ancillary live/work accommodation; no emergency staircase is proposed at the rear. The replacement application form now includes the waste management proposals and proposed hours of operation. A waste management strategy and site layout plan are also provided. The red-line site plan and ownership information have been reviewed and updated to reflect the revised proposal and the land included in the application.
