Details of the pre-application advice received

Formal pre-application advice was obtained from Manchester City Council and the proposal has been amended in response to the officer's comments. The revised scheme provides a 1 metre separation between the proposed side extension and the side boundary, in accordance with the officer's recommendation. The first-floor rear extension has been reduced in depth to approximately 3 metres. The rear roof design has been amended from a flat roof to a pitched roof to better reflect the character of the surrounding area. A site setting-out plan has been submitted showing the proposed extension in relation to the shared boundaries with Nos. 52 and 54, including the requested boundary measurements. The proposal has been revised to address the pre-application advice and minimise its impact on neighbouring properties.

(c) related to a member of staff

For the purposes of this question, "related to" means related, by birth or otherwise, closely enough that a fair-minded and informed observer, having considered the facts, would conclude that there was bias on the part of the decision-maker in the Local Planning Authority.
