

Important – Planning permission & notices of consent

Compliance with conditions

- Your planning approval or consent is attached. It will contain conditions that you must comply with.
- Please read the conditions and understand their requirements and restrictions, for example submission and approval of details or measures to protect trees.
- Some conditions will require action before you start development, and it is imperative that you seek to have these discharged before any work commences.
- Whilst every effort has been made to group conditions logically, it is your responsibility to ensure that you are aware of the requirements and/or restrictions of all conditions.
- If you fail to comply with the conditions this may result in a breach of planning control and this may lead to enforcement action.
- Failure to comply with conditions may also result in the development not being lawful.
- It is in your interests to demonstrate that conditions have been complied with. Failure to do so may cause difficulties if the property is sold or transferred.
- A fee is payable for each request to discharge conditions.
- For advice on any of these matters, please contact Planning, Manchester City Council, PO Box 532, Town Hall, Manchester M60 2LA or email planning@manchester.gov.uk

Town & Country Planning Act 1990 (as amended)

Planning Permission

Part 1 – Particulars of the application/development

Proposal:

Erection of 8 two-and-half storey dwellings including car parking, landscaping and associated works following demolition.

Location:

St Georges Residential Home Abbey Hey Lane Manchester M18 8RB

Application reference:

145598/FO/2026

Applicant:

Mr Ehsan Shah

Date of application:

28 August 2026

Part 2 – Particulars of decision

Manchester City Council gives notice that the development referred to in Part 1 has been **approved** in accordance with the application and plans submitted subject to the condition(s) listed below (if any).

Article 35 Declaration

The proposal was assessed with regards to policies outlined in the National Planning Policy Framework, Unitary Development Plan Saved Policies, Local Development Framework Core Strategy Development Plan and other material considerations. Officers have worked with the applicant/agent in a positive and proactive manner, requested revisions and further information, and appropriate conditions have been placed on the approval granted.

Condition(s) attached to this decision

- 1) The development must be begun not later than the expiration of three years beginning with the date of this permission.

Reason - Required to be imposed pursuant to Section 91 of the Town and Country Planning Act 1990.

- 2) The development hereby approved shall be carried out in accordance with the following drawings and documents:

Documents:

-Ground Survey- Phase I Contaminated Land Assessment, ref: 91637R1, received by the City Council as Local Planning Authority on 23 June 2026.

-Tree Information- Condition Assessment Sheets, received by the City Council as Local Planning Authority on 23 June 2026.

-Tree Condition Survey, received by the City Council as Local Planning Authority on 23 June 2026.

-Preliminary Ecological Appraisal, ref: P.2431.26, received by the City Council as Local Planning Authority on 23 June 2026.

-Waste Proforma, received by the City Council as Local Planning Authority on 23 June 2026.

-Application Form-V2, received by the City Council as Local Planning Authority on 28 August 2026.

-Ascerta Bat Nocturnal Survey, St Georges Abbey, ref: P.2431.26, received by the City Council as Local Planning Authority on 17 September 2026.

-Design and Access Statement (Oct 2026), received by the City Council as Local Planning Authority on 13 October 2026.

Drawings:

-Location Plan, received by the City Council as Local Planning Authority on 1 April 2026.

-Vehicle Tracking Overlay Private Car Plan, ref: 16129 - 109 B, received by the City Council as Local Planning Authority on 13 October 2026.

-Sections, ref: 16129 - 110A, received by the City Council as Local Planning Authority on 13 October 2026.

-Proposed Site Plan, ref: 16129 - 100E, received by the City Council as Local Planning Authority on 13 October 2026.

-Proposed Floor Plans Type A, ref: 16129 101 C, received by the City Council as Local Planning Authority on 13 October 2026.

-Proposed Elevations Type A, ref: 16129 102 C, received by the City Council as Local Planning Authority on 13 October 2026.

-Proposed Floor Plans Type B, ref: 16129 103 B, received by the City Council as Local Planning Authority on 13 October 2026.

-Proposed Elevations Type B, ref: 16129 104 C, received by the City Council as Local Planning Authority on 14 October 2026.

Reason - To ensure that the development is carried out in accordance with the approved plans, pursuant to policies SP1 and DM1 of the Core Strategy for the City of Manchester.

- 3) Prior to the commencement of the development hereby approved, a surface water drainage layout for the development site shall be submitted for approval in writing by the City Council, as Local Planning Authority. This shall include the

following:

- Evidence of drainage hierarchy adherence.
- Finalised surface water drainage layout including all components, levels and connectivity.
- Evidence of connection approval in principle.
- Maintenance and management plan including responsible party and a schedule of tasks/frequencies for the components.

The development shall be constructed and completed in accordance with the approved details prior to the first occupation/use of the development.

Reason: To prevent the increased risk of flooding, to improve and protect water quality and ensure future maintenance of the surface water drainage system pursuant to policy EN14 & EN17 of the Core Strategy.

- 4) Prior to the commencement of the development hereby approved, a detailed construction management plan outlining working practices during development shall be submitted to and approved in writing by the local planning authority,

which for the avoidance of doubt should include:

- i. Display of an emergency contact number;
- ii. Details of wheel washing;
- iii. Compound locations where relevant;
- iv. Location, removal and recycling of waste;
- v. Routing strategy and swept path analysis;
- vi. Parking of construction vehicles and staff;
- vii. Sheeting over of construction vehicles.

vii. Parking of construction vehicles and staff;

viii. Dust suppression measures.

Development shall be carried out in accordance with the approved construction management plan upon commencement of authorised works.

Reason - To safeguard the amenities of nearby residents and highway safety, pursuant to policies SP1, EN19 and DM1 of the Core Strategy for the City of Manchester.

- 5) Prior to the commencement of the development (including ground works and vegetation clearance), a reasonable avoidance measures method statement for mammals and amphibians covering the site clearance and construction phases of the development shall be submitted to and approved by the local planning authority for that phase. The development shall be implemented in accordance with the approved measures.

Reason - To minimise the risk of accidental harm of a European Protected Species (Habitats Regulations 1994), pursuant to policy EN15 of the Manchester Core Strategy (2012).

- 6) a) The development hereby approved shall be carried out in accordance with 'Ground Survey- Phase I Contaminated Land Assessment, ref: 91637R1', received by the City Council as Local Planning Authority on 23 June 2026, in relation to all potential sources and impacts of any ground contamination, groundwater contamination and/or ground gas.

In the event of the Preliminary Risk Assessment identifying risks which in the written opinion of the Local Planning Authority require further investigation, the development shall not commence until a scheme for the investigation of the site and the identification of remediation measures (the Site Investigation Proposal) has been submitted to and approved in writing by the Local Planning Authority. The measures for investigating the site identified in the Site Investigation Proposal shall be carried out before development commences and a report prepared outlining what measures, if any, are required to remediate the land (the Site Investigation Report and/or Remediation Strategy) which shall be submitted to and approved in writing by the Local Planning Authority. The development shall then be carried out in accordance with the approved Site Investigation Report and/or Remediation Strategy.

b) Prior to the first use/occupation of the development, a Completion/Verification Report shall be submitted to and approved in writing by the Local Planning

Authority, to validate that the development conforms with the approved Site Investigation Report and/or Remediation Strategy.

c) In the event of any non-conformity with the approved Site Investigation Report and/or Remediation Strategy, then any further measures that are required to remediate the land shall be carried out. Any required measures/remediation and validation shall continue until conformity has been achieved and agreed in writing by the Local Planning Authority, prior to first use/occupation of the development.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and EN18 of the Core Strategy.

- 7) In the event that ground contamination, groundwater contamination and/or ground gas, not previously identified, are found to be present on the site at any time after development commences, then development shall cease and/or the development shall not be occupied until, a report outlining what measures, if any, are required to remediate the land is submitted to and approved in writing by the Local Planning Authority. The development shall then be carried out in accordance with these details, together with any previously approved Remediation Strategy.

Reason - To ensure that the presence of or the potential for any contaminated land and/or groundwater is detected and appropriate remedial action is taken in the interests of public safety, pursuant to policies DM1 and EN18 of the Core Strategy.

- 8) a) Prior to any above ground works, hereby approved, a scheme of highway works and details of footpaths reinstatement/public realm shall be submitted for approval in writing by the City Council, as Local Planning Authority.

For the avoidance of doubt this should include any works found to be necessary relating to the following:

-Resurfacing of footways along Redacre Road.

-H-bars.

(b) Prior to the first occupation of the development hereby approved, a verification report shall be submitted to and approved in writing by the Local Planning Authority which will include photographic evidence and highway approval/completion notices (where relevant). The approved scheme shall be implemented in full prior to first occupation of the development and thereafter retained and maintained.

(c) In the event of non-conformity, where the highway works have not been carried out and/or to relevant standards, then any measures/changes required to achieve conformity shall be carried out. Any required measures/changes and verification shall continue until conformity has been achieved and agreed in writing by the Local Planning Authority, before first occupation of the development.

Reason - To ensure safe access to the development site in the interest of pedestrian and highway safety pursuant to policies SP1, EN1 and DM1 of the Manchester Core Strategy (2012).

- 9) a) Notwithstanding the details submitted with the application, no above ground works shall take place until details of a hard and soft landscaping scheme have been submitted to and approved in writing by the Local Planning Authority. The details shall include the formation of any banks, terraces or other earthworks, hard surfaced areas and materials, planting plans, specifications and schedules (including planting size, species and numbers/densities), existing plants / trees to be retained and a scheme for the timing / phasing of implementation works.

(b) The landscaping works shall be carried out in accordance with the approved scheme for timing / phasing of implementation or within the next planting season following final occupation of the development hereby permitted, whichever is the sooner.

(c) Any trees or shrubs planted or retained in accordance with this condition which are removed, uprooted, destroyed, die or become severely damaged or become seriously diseased within 5 years of planting shall be replaced within the next planting season by trees or shrubs of similar size and species to those originally required to be planted.

Reason - To ensure that the site is satisfactorily landscaped having regard to its location and the nature of the proposed development and in accordance with policies SP1, EN9 and DM1 of the Core Strategy and the National Planning Policy Framework.

- 10) Notwithstanding the details submitted with the application, no above ground construction works shall take place until details/samples of the materials to be used in the construction of the external surfaces of the development hereby approved have been submitted to and approved in writing by the Local Planning Authority.

The development shall then be carried out in accordance with the approved details/samples.

Reason - In order to ensure a satisfactory appearance in the interests of visual amenity in accordance with policies SP1 and DM1 of the Core Strategy and the requirements of the National Planning Policy Framework.

- 11) The development hereby approved shall be carried out in accordance with waste arrangements as per the approved 'Waste Proforma', received by the City Council as Local Planning Authority on 23 June 2026 and 'Proposed Site Plan, ref: 16129 - 100E', received by the City Council as Local Planning Authority on 13 October 2026.

The approved scheme shall be implemented in full prior to first use/occupation of the development and retained thereafter.

Reason - In the interests of amenity and public health, pursuant to policies EN19 and DM1 of the Manchester Core Strategy.

- 12) Notwithstanding the details submitted with the application, prior to first use, details of the specifications, elevations, siting and appearance of the secured cycle storage shall be submitted to and approved in writing by the City Council as local planning

authority. The agreed details shall be fully implemented prior to the first use of development, retained and maintained thereafter.

Reason - In the interest of residential amenity and to promote sustainable transportation modes pursuant to policies SP1, T1, T2 and DM1 of the Core Strategy for the City of Manchester.

- 13) The development hereby approved shall be implemented in accordance with 'Sections, ref: 16129 - 110A', received by the City Council as Local Planning Authority on 13 October 2026, in relation to window reveals for every window across the development.

For the avoidance of doubt every window reveal should be minimum 195mm deep.

Reason - In the interest of visual amenity pursuant to policies SP1, EN1 and DM1 of the Manchester Core Strategy (2012).

- 14) Notwithstanding the details submitted with the application, no above ground works shall take place until details of the siting, scale, appearance and material for the proposed boundary treatment has been submitted to and approved in writing by the

Local Planning Authority. The approved details shall be implemented as part of the development and be in place prior to the first occupation of the development.

The boundary treatment shall be retained and maintained in situ thereafter and notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking or re-enacting that Order with or without modification), no boundary treatment shall be erected on site other than that shown on the approved plans.

Reason - In the interest of visual amenity and security of the site pursuant to policies SP1 and DM1 of the Manchester Core Strategy (2012).

- 15) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no garages, extensions, roof alterations, porches

or outbuildings shall be erected other than those expressly authorised by this permission.

Reason - In the interests of residential amenity pursuant to policy SP1 and DM1 of the Core Strategy for the City of Manchester.

- 16) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no windows shall be inserted into the elevations

of the dwellinghouses hereby approved other than those shown on the approved drawings referenced:

-Proposed Floor Plans Type A, ref: 16129 101 C, received by the City Council as Local Planning Authority on 13 October 2026.

-Proposed Elevations Type A, ref: 16129 102 C, received by the City Council as Local Planning Authority on 13 October 2026.

-Proposed Floor Plans Type B, ref: 16129 103 B, received by the City Council as Local Planning Authority on 13 October 2026.

-Proposed Elevations Type B, ref: 16129 104 C, received by the City Council as Local Planning Authority on 14 October 2026.

Reason - In the interests of residential amenity pursuant to policy SP1 and DM1 of the Core Strategy for the City of Manchester.

- 17) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 as amended by The Town and Country Planning (General Permitted Development) (Amendment) (England) Order 2010 (or any order revoking and re-enacting that Order with or without modification) the dwelling houses hereby approved shall be used only as private dwellings (which description shall not include serviced apartments/apart hotels or similar uses where sleeping accommodation (with or without other services) is provided by way of trade for money or money's worth and occupied by the same person for less than ninety consecutive nights) and for no other purpose (including any other purpose in Class C3(a) of the Schedule to the Town and Country Planning (Use Classes) Order 1987 as amended by The Town and Country Planning (Use Classes) (Amendment) (England) Order 2010, or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification) other than the purpose(s) of C3(a).

Reason - To safeguard the amenities of the neighbourhood by ensuring that other uses which could cause a loss of amenity such as serviced apartments/apart hotels do not commence without prior approval; to safeguard the character of the area, and to maintain the sustainability of the local community through provision of accommodation that is suitable for people living as families pursuant to policies DM1 and H11 of the Core Strategy for Manchester and the guidance contained within the National Planning Policy Framework.

- 18) Prior to occupation, details of the measures to be incorporated into the development (or phase thereof) to demonstrate how secure by design accreditation will be achieved have been submitted to and approved in writing by the City Council as

local planning authority. The development shall only be carried out in accordance with these approved details at all times thereafter.

The development hereby approved shall not be occupied or used until the Council as local planning authority has acknowledged in writing that it has received written confirmation of a secured by design accreditation.

Reason - To reduce the risk of crime pursuant to policies SP1 and DM1 of the Core Strategy and to reflect the guidance contained in the National Planning Policy Framework.

- 19) Notwithstanding the details submitted with this application, prior to the first use of the development hereby approved, details of the siting, scale and appearance of the

solar panels to the roof (including cross sections) shall be submitted to and approved in writing by the City Council as local planning authority. The approved details shall then be implemented prior to the first use of the development and thereafter retained and maintained in situ.

Reason - In the interest of ensuring the solar panels are installed and to ensure that they are appropriate in terms of visual amenity pursuant to policies SP1, EN1, EN6 and DM1 of the Manchester Core Strategy (2012).

- 20) No vegetation clearance shall take place during the optimum period for bird nesting (March - September inclusive) unless nesting birds have been shown to be absent, or, a method statement for the demolition including for the protection of any nesting birds is agreed in writing by the City Council, Local Planning Authority. Any method statement shall then be implemented for the duration of the demolition works.

Reason - In order to protect wildlife from works that may impact on their habitats pursuant to policy EN15 of the Manchester Core Strategy (2012).

- 21) Notwithstanding the provisions of the Town and Country Planning (General Permitted Development) Order 2015 (or any order revoking and re-enacting that Order with or without modification) no part of the residential units shall be used for

any other purpose (including any other purpose in Class C3 of the Schedule to the Town and Country Planning (Use Classes) Order 1987 as amended by The Town and Country Planning (Use Classes) (Amendment) (England) Order 2015, or in any provision equivalent to that Class in any statutory instrument revoking and re-enacting that Order with or without modification) other than the purpose(s) of C3(a) not precluding occupation by two unrelated people sharing a property.

Reason - In the exceptional circumstances of a proliferation of HMOs restricting housing choice and adversely affecting sustainability and in the interests of residential amenity, to safeguard the character of the area and to maintain the

sustainability of the local community through the provision of accommodation that is suitable for people living as families pursuant to paragraph 7.4 of the Guide to Development in Manchester: Supplementary Planning Document and Planning Guidance, the National Planning Policy Framework and policies SP1 and DM1 of the Core Strategy for the City of Manchester.

- 22) Prior to any vegetation clearance and prior to any earthworks, an invasive non-native species protocol shall be submitted to and approved by the local planning authority, detailing the containment, control and removal of Japanese Knotweed on site. The measures shall be carried out strictly in accordance with the approved scheme.

Reason - To prevent the spread of Japanese Knotweed, which has been found on part of the site in accordance with the Wildlife and Countryside Act 1981.

- 23) If no development commences within 24 months of the date of consent, a further survey of the existing building for bat roosting potential shall be undertaken and the findings shall be submitted to and approved by the local planning authority. The development shall be undertaken with any measures identified as being necessary following the outcome of the survey.

Reason - To minimise the risk of accidental harm of a European Protected Species (Habitats Regulations 1994), pursuant to policy EN15 of the Manchester Core Strategy (2012).

- 24) Before the occupation of any part of the development, details shall be submitted to and approved in writing by the City Council as local planning authority relating the provision of bat bricks/boxes and bird boxes. The approved details shall be implemented in full upon first occupation of the development and maintained in situ at all times thereafter.

Reason - In order to enhance local bio-diversity through the provision of wildlife habitats, pursuant to policy EN15 of the Core Strategy for the City of Manchester and The National Planning Policy Framework.

- 25) All tree work should be carried out by a competent contractor in accordance with British Standard BS 3998 "Recommendations for Tree Work".

Reason - In order to avoid damage to trees/shrubs adjacent to and within the site which are of important amenity value to the area and in order to protect the character of the area, in accordance with policies EN9 and EN15 of the Core Strategy.

- 26) a) Before the development hereby approved is occupied external lighting shall be designed and installed in accordance with a scheme approved in writing by the City Council as local planning authority so as to control glare and overspill onto nearby residential properties.
- b) Prior to occupation of the development a verification report shall be required to validate that the work undertaken throughout the development conforms to the recommendations and requirements in the approved light consultant's report. The report shall also undertake post completion testing to confirm that acceptable criteria

have been met. Any instances of non-conformity with the recommendations in the report shall be detailed along with any measures required to ensure compliance with the criteria.

Reason - To safeguard the amenities of the occupiers of nearby properties as specified in policies SP1 and DM1 of the Core Strategy.

27) a) Prior to the first occupation of the development hereby approved, a scheme for electric vehicle charging shall be submitted to and approved in writing by the City Council as local planning authority.

b) Prior to occupation of the development any agreed mitigation measures shall be implemented and verified as such in writing by the City Council as local planning authority and shall remain in situ whilst the use or development is in operation.

Reason: To secure a reduction in air pollution from traffic or other sources in order to protect existing and future residents from air pollution, pursuant to policies EN16, SP1 and DM1 of the Core Strategy.

Informatives

Building Regulations 2010

This permission does not grant approval under Building Regulations.

Street Naming & Numbering Requirements

Manchester City Council is responsible for allocating street naming and numbering within Manchester for new developments or property conversions. Individuals or businesses are not permitted to allocate their own property numbers, building or street names.

If your development includes the creation of new dwellings (either new build or conversion of existing buildings), creation of new commercial properties or the subdivision of existing properties you must ensure that you request new or changes to addresses through us so they can be officially allocated and registered in accordance with the Public Health Act 1925 Sections 17-19 & Greater Manchester Act 1981 Section 22.

Failure to do this may result in difficulties for the developer/occupier when requiring services such as connections to utilities, phone lines and postal services and may delay your development.

You can apply online at the following address: www.manchester.gov.uk/roads-and-transport/street-naming-and-numbering

BNG informative

The statutory framework for biodiversity net gain requires a Biodiversity Gain Plan to be submitted and approved to discharge the biodiversity gain condition prior to the commencement of development.

A developer must submit the Biodiversity Gain Plan to the planning authority in writing, no earlier than the day after planning permission has been granted. The use of the Biodiversity Gain Plan template is strongly encouraged to bring together the required information into one document for approval.

The following content of a Biodiversity Gain Plan is required for development:

- information about the steps taken or to be taken to minimise the adverse effect of the development on the biodiversity of the onsite habitat and any other habitat;
- the pre-development biodiversity value of the onsite habitat;
- the post-development biodiversity value of the onsite habitat;
- any registered off-site biodiversity gain allocated to the development and the biodiversity; and
- any biodiversity credits purchased for the development.

In addition, the following is required:

- name and address of the person completing the Plan, and (if different) the person submitting the Plan;
- a description of the development and planning permission reference number (to which the plan relates);
- the relevant date, for the purposes of calculating the pre-development biodiversity value of onsite habitats and if proposing an earlier date, the reasons for using this earlier date;
- the completed biodiversity metric calculation tool(s), stating the publication date of the tool(s), and showing the calculation of the pre-development onsite value on the relevant date, and post-development biodiversity value;
- a description of arrangements for maintenance and monitoring of habitat enhancement to which paragraph 9(3) of Schedule 7A to the 1990 Act applies (habitat enhancement which must be maintained for at least 30 years after the development is completed);
- (except for onsite irreplaceable habitats) a description of how the biodiversity gain hierarchy will be followed and where to the extent any actions (in order of priority) in that hierarchy are not followed and the reason for that;

- pre-development and post-development plans showing the location of onsite habitat (including any irreplaceable habitat) on the relevant date, and drawn to an identified scale and showing the direction of North;
- a description of any irreplaceable habitat on the land to which the plan relates which exist on the relevant date, and any part of the development for which planning permission is granted where the onsite habitat of that part is irreplaceable habitat arrangements for compensation for any impact the development has on the biodiversity of the irreplaceable habitat; and
- if habitat degradation has taken place:
 - a statement to this effect,
 - the date immediately before the degradation activity,
 - the completed biodiversity tool showing the calculation of the biodiversity value of the onsite habitat on that date, and
 - any available supporting evidence for the value.

There is a standard Biodiversity Gain Plan template available to complete which brings together many of these matters into one document.

The submission of a Biodiversity Gain Plan to a local planning authority falls under Regulation 16 of the Town and Country Planning (Fee for Applications, Deemed Applications, Requests and Site Visit) (England) Regulations 2012 (as amended), which covers fees for the written confirmation of compliance with a condition or conditions attached to a grant of planning permission.

Highway arrangements

The applicant is required to discuss and agree any requirements for licensing, hoarding / scaffolding, skips and temporary points of access (Section 50) with MCC's Highways Licensing Team via Email to: highwaylicences@manchester.gov.uk.

The applicant is required to discuss and agree any requirements for temporary pedestrian and traffic management with MCC's Event and Traffic Management Team via Email to highwaynetworkmanagement@manchester.gov.uk.

S278 works- A S278 agreement is required for works to the adopted highway – a deposit is required to begin the S278 application, additional costs will be payable and are to be agreed with S278 Statutory Approvals team. Following an assessment of the scope of works, all additional estimated costs are required to be paid in full prior to the expenditure of the initial deposit, or work on the technical approval process will cease and can delay the programme for the start of works on site. The minimum standard S278 technical approval timescale is between 4-6 months and, if TRO's are included, can take 12 months so please programme this into your timetable. Please

note: you will not be able to start works on the highway until technical approval has been given by the S278 Engineer and the relevant highways permits granted.

Any modifications / improvements to the public highway or footpath will require agreement with MCC's Highways Applications and Network Resilience teams. This will be funded at the applicant's expense. The following link provides access:

Application for off-site highways works condition discharge may only be submitted following securement of cash bond or surety provision of the total costs of the associated highways works as provided by the statutory approvals team. Evidence of this should be provided with the condition discharge documents. The process for permission to work on the highway can be found using the following link:

https://www.manchester.gov.uk/directory_record/451887/permission_to_work_on_the_highways_-_section_278_agreements/category/355/highways_and_pavements

The relocated telegraph pole should be positioned so that it does not impact the adopted highway, impact highway safety, obstruct pedestrian movement, or interfere with visibility at access points and junctions.

PFR

The applicant is advised to incorporate Property Flood Resilience (PFR) measures to a minimum of 150mm above the surface water flood level or a minimum of 600mm above the fluvial flood level.

Existing Surface Water Drainage System

If the applicant proposes to utilise the existing surface water drainage system, it is recommended that a full survey of the existing drainage infrastructure is undertaken. Any identified remedial works should be completed, and an ongoing maintenance scheme should be established to ensure that the existing drainage system is fit for purpose for the lifetime of the development.

Local Lead Flood Authority (LLFA)

The LLFA advises that it is the applicant's responsibility to ensure that the design, construction, and ongoing maintenance of all proposed drainage infrastructure fully comply with the requirements of the Construction (Design and Management) Regulations 2015 (as amended).

Bats

Whilst the building to be demolished has been assessed as negligible risk for bats, the applicant is reminded that under the 2019 Regulations it is an offence to disturb, harm or kill bats. If a bat is

found during demolition all work should cease immediately and a suitably licensed bat worker employed to assess how best to safeguard the bat(s).

Mining

Please see information relating to mining in Appendix A.

Manchester City Council, P O Box 532, Town Hall, Manchester M60 2LA

Notes

1. This permission refers only to that required under the Town and Country Planning Act 1990 does not include any consent or approval under any other enactment, byelaw, order or regulation.
2. If the applicant is aggrieved by the decision of the local planning authority to refuse permission or approval for the proposed development, or to grant permission or approval subject to conditions, they may appeal to the Secretary of State in accordance with Section 78(1) of the Town and Country Planning Act 1990 within six months of the date of the notice of the decision.

The Planning Inspectorate have introduced an online appeals service that can be used to make appeals online. This service is available through the gov.uk website – www.gov.uk/appeal-planning-decision The Inspectorate will publish details of your appeal on the internet. Alternatively If you are unable to access the online appeal form, please contact the Planning Inspectorate to obtain a paper copy of the appeal form on tel: 0303 444 5000.

The Secretary of State has power to allow a longer period for the giving of a notice of appeal but they will not normally be prepared to exercise this power unless there are special circumstances that excuse the delay in giving notice of appeal.

If you intend to submit an appeal that you would like examined by inquiry then you must notify the City Council (planning@manchester.gov.uk) and the Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. Further details are on GOV.UK.

3. The statutory requirements are those set out in Section 79(6) of the Town and Country Planning Act 1990, namely Sections 70(1) and 72(1) of the Act.
4. If either the local planning authority or the Secretary of State refuses permission to develop land or grants it subject to conditions, the owner may claim that they can neither put the land to a reasonably beneficial use in its existing state nor render the land capable of a reasonably beneficial use by the carrying out of any development which has been or would be permitted.

In these circumstances, the owner may serve a purchase notice on the Council in whose area the land is situated. This notice will require the Council to purchase his interest in the land in accordance with the provisions of Part VI of the Town and Country Planning Act 1990

5. In certain circumstances, a claim may be made against the local planning authority for compensation, where permission is refused or granted subject to conditions by the Secretary of State on appeal or on a reference of the application to them. The circumstances in which such compensation is payable are set out in Section 114 of the Town and Country Planning Act 1990.

Right of challenge on planning application decision

A third party does not have a right of appeal against a decision on a planning application. Instead, there is a right of challenge (a Judicial Review) which is limited to lawfulness of the procedure that we have taken in coming to that decision.

Any challenge must be based on the following and not the merit of the decision:

- Procedural irregularity
- Irrationality
- Illegality

Any application for permission to bring such a challenge (which is through the High Court) must be made within 6 weeks of the date of the decision being issued.

Appendix A - Mining Information

STANDING ADVICE - DEVELOPMENT LOW RISK AREA

The proposed development lies within a coal mining area which may contain unrecorded coal mining related hazards. If any coal mining feature is encountered during development, this should be reported immediately to the Mining Remediation Authority on 0345 762 6846 or if a hazard is encountered on site call the emergency line 0800 288 4242.

Further information is also available on the Mining Remediation Authority website at: [Mining Remediation Authority - GOV.UK](https://www.mra.gov.uk)

Standing Advice valid from 1st January 2025 until 31st December 2026
